1. Façade Grant Update/Extension Requests

Ms. Rutkowski updated Council that 3 grants have been completed, Hatch Reality has been closed and payment reimbursements have been submitted by Village Doctors and Nutrition Retreat. There is a request on the remaining properties to extend the grant until 10.31.2023 due to difficulty getting materials in on time and Locker Room did not comply with the grant, as pointed out previously by the Heritage Commission. The property/ business owner refused to sign the denial though has stated to Mr. Cole that the color was not going to be changed.
